AUTO SENTRY® PETRO

Take Your Car Wash Programme to the Next Level!

The ALL NEW Auto Sentry Petro Payment Terminal

- Secure card holder data with a EMV and PCI compliant solution
- Monitor your car wash operations with full data network visibility and connectivity
- Real-time system alerts of the device and wash bay unit
- Achieve increased revenue and profits with fuel system interface
- Leverage robust cross marketing strategies with custom branding
- Streaming video and audio can be fully customized
- Improve up-time performance across all of your sites with real-time alerts of maintenance notifications, error codes, and car wash equipment issues before they negatively impact your business with WashConnect®

The Auto Sentry Petro Features the Following Advances:

- 15" sunlight-readable touchscreen display
- Multiple EMV solutions with mobile wallet acceptance
- New customer-friendly ergonomic design
- Optional onboard camera for increased security
- Optional barcode reader for wash codes featured in mobile apps and on receipts
- Optional card dispenser for gift, book or loyalty card programmes

WashConnect®

The professional car wash industry multi-site management system.

- Up to minute information
- Improved up time performance
